Subject - Free use of milk supply

In continuation of this office letter of even number dated 12-5-1945, on the above subject I have the honour to state that the Health Officer has reported that a ban should be imposed on the use of milk in hotels and restaurants for the preparation of Ice-Creams etc The report of the Health Officer came up before the Council at their meeting held on 1-11-1945, and the latter approved of the recommendation made therein, and further resolved to request the Government to supply milk free of cost to expectant and nursing mothers and children below two years of age belonging to poor families

Ref A8 Pr 424 dated 25th June 45, forwarding a copy of letter No L 10273-4 dated 14th April 45 from the Secretary to Govt Law Department, calling for a report whether it is considered necessary to impose a ban on the use of milk by Restaurants etc

---

Submitted to the Municipal Commissioner

It is true that there is scarcity of Milk in Bangalore City and whatever is imported is being purchased by the Hotel-keepers for preparing delicacies I think it is highly desirable in the interests of the public that a ban should be imposed on the use of milk in hotels and restaurants ~~for the use of milk~~ for the preparation of Ice creams etc

Municipal Commissioner

Council Proceedings dated 1-11-1945

Subject No.12.

Mr M.K Narayana Iyengar moved that "the Health Officer's recommendation may be approved and the Government be requested to supply milk free of cost to expectant and nursing mothers and children below two years and belonging to poor families." He said that the idea of imposing a ban on the use of milk for preparation of khova and other milk products in hotels was to see that a larger quantity of milk was made available for public consumption.

Mr ~~G.N.~~ G Nanjappa seconded the proposition and observed that there was delay in the office in sending up the papers before the Council.

Mr. Ramlal Thiwari opposing the proposition moved by Mr M.K. Narayana Iyengar said that it would be causing great hardship to the hotel keepers. It was wrong to say that by imposing ban on the use of milk for khova etc , in the notels, more milk would be available. On the other hand, if the military supply was curtailed, then the situation would be greatly eased. He suggested that this subject might be referred to a Committee for detailed investigation and report

Mxx Th President informed the House that the Bangalore Food Council had constituted a Committee to go into this question and it was on their report that the Government had called for their opinion. M Khova and similar other articles of consumption were luxuries and a ban on the use of milk for these preparations in hotels would not affect the public so much On the other hand, it might result in a larger quantity of milk being made available for expectant mothers and children.

Mr. ~~D.V.~~ D Venkataramanappa seconded the deferring motion.

Mr C.N.Narasinga Rau supporting Mr. Narayana Iyengar's proposition said that scarcity of m lk was on the increase in the City and such a ban ought to have been imposed long back. It was not desirable to delay the subject any more

Then the deferring motion of Mr ~~KxKxNxxxyxxxxxxyxxgxx~~ Ramalal Thiwari was put to vote and lost, 2 voting For and 8 against.

Then the proposition of Mr M K Narayana Iyengar was put to vote and passed, all except one voting in favour of the same.

Sir,

The Bangalore and Mysore City Municipal Councils who were consulted in the matter have suggested the desirability

Office of the Director of Food Supplies,
Bangalore, Date, 17th January 1946.

To

The Secretary to Government,
Development Department,
(Food Supplies), BANGALORE.

Sir,

Subject Ban on the use of milk by Restaurants catering establishments for the preparation of sweet-delicacies.

******

Adverting to correspondence ending with your letter No. SD.1975-P.24-45-3 dated 21st September 1945, I have the honour to state that my proposal for banning the use of milk in the preparation of sweet-delicacies by hotels and restaurants were sanctioned in your letter No. SD. 3530/A.102-43-1095 dated 19-12-44. But no further action was taken either by this Office or the Rationing Officer, Bangalore, because it was considered desirable by the Director to consult the Central and City Food Councils again and to obtain their views before doing so. The Central Food Council at its meeting held on 21st December 1944, opined that a ban need not be imposed as the quantity involved was very inconsiderable. This subject came up again before the City Food Council, Bangalore, at its meeting held on 21st December 1945, and the council was of unanimous opinion that a ban should be imposed prohibiting the preparation of all eatables in all establishments in Bangalore City involving the use of milk in any form.

2. I am also enclosing herewith for your kind information a copy of letter No. L.6496, dated 9th January 1946 from the Secretary to Government, Revenue Department stating that the Bangalore and Mysore City Municipal Councils suggest the desirability of imposing such a ban and requesting that the question may be examined and reported to Government. I am of opinion that sucha prohibition is long ov-erdue.

3. In view of the present shortage of foodder due to seasonal bad conditions which may lead to further deterioration in the supply position of milk in the coming months, I consider that it is very necessary to immediately impose such a ban as originally contemplated. I therefore request that a notification may kindly be issued under rule 81 of the Defence of India Rules as applied to Mysore imposing a ban on the preparation

preparation of Khowva, Dud-Phada, Jamoon, Badami Milk, and other Sweet delicacies, which involve the use of milk by hotels, restaurants sweet-meat stalls and other establishments in the cities of Mysore and Bangalore, on the lines of the Madras Milk Control Order of 1945.

3. In this connection it may also be stated that it may be desirable to impose a ban on the preparation of more than three sweet dishes or delicacies per day by hotels, restaurants, sweet-meat stalls and other establishments as this will on the one hand greately reduce the drain on sugar consumption in the Cities, as well as indirectly check the preparation of dishes involving use of milk.

4. I request the favour of early orders of Government in the matter.

I have the honour to be,
Sir,
Your most obedient servant,

Sd K Srinivasan,
Addl. Director of Food Supplies.
